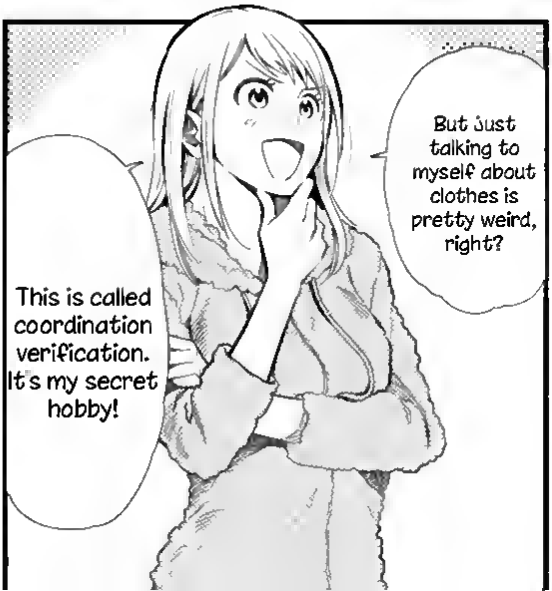
Bonus Chapter #2



Ohh~
See this sweater?

They released a skirt that goes with it as a set,
but seems like it goes really well with these Cashmere Gaúcho pants too!

Tadaa!
Milano Rib Area V-neck sweater
Autumn Gaúcho style.

The body line is kind like this, right?
That's right! The A-line looks good, right?

The way the V-neck drapes down looks really nice,
and this popular summer item – the Gaúcho pants – pair pretty well with it too.

Next is Gaucho pants paired with a wool vest.
You can see this look pretty often lately.
A thin wool vest can show your body outline pretty nicely.
And the Cashmere Gaucho is elegant too!

And here's a Navy blue set.
SUPER CUTE
Wearing a single color can be fashionable, but it takes a bit of bravery to pull it off,
Milano Rib skirt

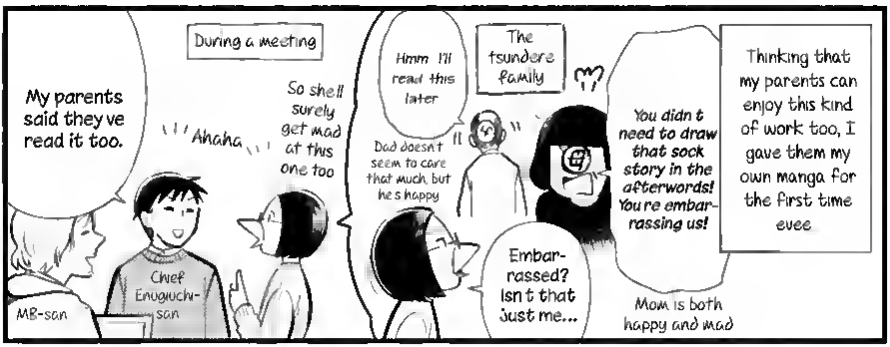
Bonus Chapter #2 END

服を着るならこんなふうに

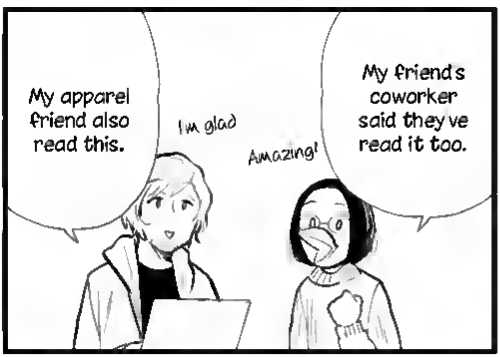
If you're gonna dress up, do it like this

Afterword

Thank you very much!
It's the first time I've gotten a numbered volume!
Waaa~
Volume 2 of "If you're gonna dress up" has been published!
Greetings! It's me, Shimano!

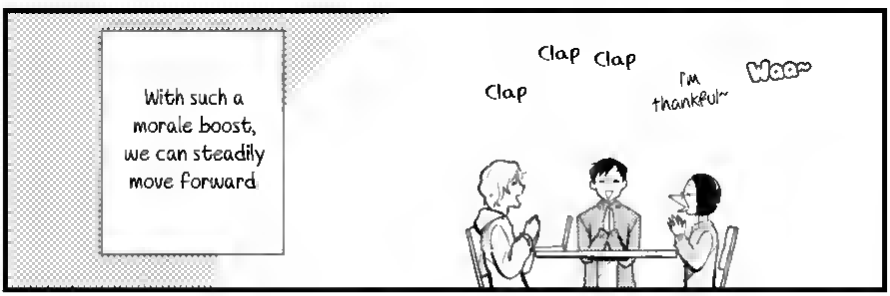


During a meeting
My parents said they've read it too.
Ahaha
So she'll surely get mad at this one too
MB-san
Chief Enguchi-san
Hmm I'll read this later
Dad doesn't seem to care that much, but he's happy
The tsundere family
You didn't need to draw that sock story in the afterwords! You're embarrassing us!
Thinking that my parents can enjoy this kind of work too, I gave them my own manga for the first time evee
Embarrassed? Isn't that just me...
Mom is both happy and mad



My apparel friend also read this.
I'm glad
Amazing!
My friend's coworker said they've read it too.

Ooh~
Even though they're not otaku
Clap clap
My sister's friends said they've also read and shared this manga on Facebook.



With such a morale boost, we can steadily move forward
Clap
Clap
Clap
I'm thankful~
Woo~

How-ever...
Waaa~
That's great, Im so happy~
Ehehe~
Friend
Even though I'm a girl
I've read volume 1~ I had a lot of fun reading it, and then I just kinda went to try on UNIQLO's skinny jeans in the spur of the moment~
That reminds me of myself too...
so it didn't turn out as nicely as when the MC wore it..
My stomach is flabby, and my legs are fat
I also understand that different body types care about different things
Even though people outside of the standard body shape can still look good in it,
As always, I hope for your support Until next time!
Waah~
so I want to draw more case studies next volume too
I've drawn mostly about Yuusuke's growth up until this point
